### 100% VEGETABLE PESTO

Bright green sauce inspired by the Genoese tradition, which thanks to the absence of dairy products is also suitable for vegans and vegetarians. Obtained from fresh basil worked within a few hours from harvesting, with the addition of extra virgin olive oil, pine nuts and few other selected ingredients. Our 100% vegetable pesto in addition to being an excellent sauce for pasta can also be used as an appetizer with cheeses and routons, or as a condiment for the most delicious salads. This product specifically does not undergo a heat-treatment.
