### DRIED TOMATOES PESTO WITH BASIL

Intense red sauce inspired by the Sicilian tradition, obtained from dried tomatoes, capers and chili peppers. The pungent scent of one of the most loved ingredients in Italian kitchens, the dried tomatoes and the explosive character make this cream very "hot". Thanks to its strong flavour, it manages to give colour and liveliness to every dish: from white meat to salads. Heat-treated product to preserve its shelf life up to 36 months.
